

IRRIGATION SYSTEM #6 - SHUT OFF

For Immediate Release
September 10, 2018

Irrigation Water To Be Shut Off Road #5 - #15

Flood mitigation works will continue on Wednesday, September 12, 2018 to lower the irrigation main to allow for a larger box culvert installation on Highway 97.

System #6 Irrigation Water Only will be shut off to all customers between 7:30 a.m. - 4:30 p.m.

Questions can be directed to Public Works 250 485 6213, 24 hours emergency 250 498 6335. Please keep enough water on hand, as water service interruption may be longer than noted. After water service is restored, air or discoloured water may be present in the piping. Running a garden hose or cold water bathtub faucet for several minutes, should eliminate both air and discoloured water problems. If you have a specialized water filtration unit within your premise, it may need to be isolated to prevent any blockage which could result from this water outage.
